

To Miami International Airport

From Key West take the Overseas Hwy. (U.S. 1) north to the start of the FL Turnpike in Florida City. Head north on the FL Turnpike approx. 25 miles to Hwy. 836. Take Hwy. 836 east approx. 7 miles to the Le Jeune Rd. north exit and follow signs to the airport.

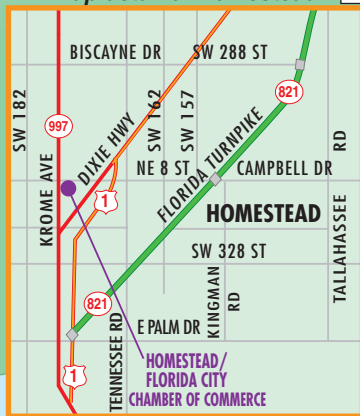

To Miami Beach & South Beach

Follow directions for Miami Int'l, but continue east on Hwy. 836 until it becomes the MacArthur Causeway. Continue east on the causeway approximately 3 miles to Miami Beach and the South Beach Art Deco District.

Though primarily an agricultural area, the Gateway to the Keys is sought by visitors for its access to nature.

Two national parks, Everglades National Park and Biscayne National Park, top the list of attractions.
